How to facilitate multi-perspective data exploration?

Lodewijk Petram
Huygens Institute for the History of the Netherlands

Data for History, 4-5 April 2019, Leipzig
Issue
Knowledge ≠ factual information

• Knowledge consists of much more than ontological classifications and basic verifiable properties of objects and people. It involves information about various entities, events and concepts, connecting this information and judging its validity (Fokkens et al., 2017).

• Data for History Consortium: best practices?
Person

- Baptism record
- Marriage record
- Baptism record
- Burial record

- Muster roll
- Interrogation record
- Pay ledger
- Pay ledger

Role:
- Child
- Husband
- Witness
- Deceased
